PITTSVILLE, WI 54466

Note from the Town Chairman

Please be advised that the referendum concerning the appointment of the positions of town clerk and town treasurer are on the ballot for the November 8, 2022 election. A “yes” vote means that the Cary Town Board can appoint these positions so that we are not left with a vacancy in the event that the Town Board cannot find anyone to run for those positions. This would put the town at risk of having to be run by an outside accounting firm or related business, costing much more to run the town.
